3 The BOCC, will receive ($622,300) less in ad valorem taxes due to a reduction in the County-wide millage rate and the decline in county-wide property values. The fire districts, limited to a maximum millage rate of .5000 with the exception of the St. Joseph Fire District have increases in their property values. The increase in the Tupelo and Overstreet Fire Districts are partially from adding the property to be serviced by the Wetappo Fire Department. The Wetappo Fire Department is now budgeted in the Tupelo Fire District. All Fire Districts are budgeted at .5000 mills except for the St. Joseph Fire District, budgeted at .4000 mills.

4 The total proposed budget of Gulf County is $33,543,159. 31.86% of the total budget is funded with ad valorem taxes.

5 State and federal grant funds of $3,595,304 are included in the proposed budget. $2,194,550 of the total grants are transportation related.

6 The county expends 22.37% ($7,502,823) of the total budget on public safety, its largest expenditure category. Included in this category are: Law Enforcement, Fire Control, Detention and Correction, Protective Inspections, Emergency and Disaster Relief, Ambulance and Rescue Services, and Medical Examiners. Approximately 12.49 % of this budget is funded from fees, the remainder is funded with ad valorem taxes, other state shared revenues, grants, and fines.

7 Fund Presentation
A separate budget is shown for General Fund and Public Works for display purposes only. Public Works is part of the General Fund.

GULF COUNTY BOCC
2011-2012 BUDGET NOTES

8 "Cash to be carried forward for working capital" is necessary to finance the 2011-2012 budget until property tax distributions are received. The County normally receives its first distribution from the Tax Collector in the second half of November. The County would not be able to pay their employees and vendors timely without an adequate provision for working capital. Taxpayers are under no obligation to pay property taxes early.

9 Restricted reserves in the General Fund are primarily for the Landfill Escrow Account required by the State of Florida

10 The 2011-12 budget has both departmental increases and decreases. Most of these are summarized on pages 11, 12, and 40 of the budget document. The Risk Management/Human Resources Department and the Safety Department have been combined. Both are now included in the Risk Management/Human Resources Department.

11 The Health Department budget includes private donations of $23,461.

12 Salaries in the 2011-2012 budget year are increased by 3%. These are being funded with retirement rate reductions. 3% of the required retirement contributions have been shifted from the County to the employee. The 3% salary increase will not benefit the employee except to make them almost whole due to the required retirement contribution effective July 1, 2011.

13 The county fuel taxes are pledged for payment of the 2006 Gas Tax Revenue Refunding Bonds through 2032. The County has also been forced to fund a reserve of $1 million. This was a result of a downgrade of the issuer of the surety bond as defined in the bond covenant.

14 The BOCC anticipates receiving additional SHIP funds in 2011-2012 and will likely take back the SHIP administrative duties as there is no longer a contract with the Community Development Corporation for administrative services.

15 All funds remaining in the CDBG Raffield Fund were loaned to the Port Authority in 2010-2011. There is no anticipated revenue in 2011-2012 as payments are not scheduled for the 1st two years. A balloon note is due from the Port Authority on April1, 2021 of $178,516.01.

16 The Industrial Park Building was vacated in 2010-2011 therefore the only anticipated revenue for 2011-2012 is interest earnings on funds held. There is currently no entity considering locating in the Industrial Park Building.

17 Impact Fees are accounted for in funds 131-137. The County is in the process of spending available impact fees in accordance with state law. The County stopped assessing impact fees approximately 4 years ago because of the downturn in the economy and because of the hardship the additional fees caused on construction projects.

18 $1,838,990 (17.21%) of ad valorem taxes are levied for the repayment of bond indebtedness for the dune restoration project completed on Cape San Blas. This debt is scheduled to be repaid in 2013. 2013 will bring much welcomed tax relief since the Gulf Front MSTU is now at the 10 mill cap. The Gulf Interior MSTU millage will increase next year if the property values continue to decline. The Gulf Front MSTU millage can not increase futher as it is at the maximum allowed.

19 If ad valorem taxes were the County's only funding source then it would take 87.57% of all ad valorem taxes proposed to provide public safety services to the citizens of Gulf County and for the repayment the outstanding debt obligation issued for the dune restoration project.

20 The IT department budget is proposed for the 1st time in 2011-2012. The BOCC is considering hiring a full-time IT employee instead of contracting out these services as they have in the past two fiscal years. The cost is anticipated to be approximately the same.
