Notice of 45-Day Public Comment Period for Gulf County RESTORE Multi-year Implementation Plan (MYIP)

This is a notice that Gulf County has drafted a Multi-year Implementation Plan (MYIP) in accordance with the RESTORE Act to be submitted to the U.S. Treasury. The Plan will be made available to the public on April 11, 2016 for a period of 45 days. The Plan will be available on www.gulfcountyrestore.com or to view in person, visit 1000 Cecil G. Costin Sr. Blvd, Room 310, Port St. Joe, Florida 32456. The public comment period will close on May 27, 2016. To submit a comment, email ewilson@dewberry.com and wyeager@gulfcounty-fl.gov or mail your letter to the above address. The MYIP outlines the funding allocation plan for monies coming from the Deepwater Horizon Oil Spill in accordance with eligible activities as set forth in the RESTORE Act. For more information, visit www.gulfcountyrestore.com or call (850) 227-2396.

Chairman Ward McDaniel
Gulf County Board of County Commissioners
1000 Cecil G. Costin, Sr. Blvd.
Port St. Joe, FL 32456

Re: City of Port St. Joe Road Bond Participation

Dear Chairman McDaniel:

The City of Port St. Joe respectfully request to participant in the 2016 Road Bond Distribution.

The City has several roads, which are the most traveled in our county, with substandard surfaces. We feel that Long Avenue is the road in most need of rehabilitation and is a prime candidate for this funding. Attached for your review is an itemized list of cost associated with rehabilitation of the roadway and utilities that are under Long Avenue. Your careful consideration of our request would be greatly appreciated.

Should additional information be needed, please do not hesitate to contact Jim Anderson, City Manager at 850-229-8261 or email him at janderson@psj.fl.gov.

Sincerely,

James "Bo" Patterson
Mayor

Re: Long Avenue Sewer and Road Rehab
PRI Project No. 019.217

Dear Mr. Anderson:

Attached are cost opinions for the sewer rehabilitation and roadway resurfacing along Long Avenue. These opinions are based on historical costs and recent bid prices received for this type of work.

The roadway opinion includes milling and resurfacing Long Avenue from 1st Street to Madison Avenue.

We reviewed the video information provided by Churchwell Pipeline Services of the gravity system along Long Avenue. The sewer opinion includes rehabilitation from 1st Street to 19th Street. South of 19th Street, the existing gravity lines are located outside the edge of pavement and are shallower in depth. We recommend these lines be replaced at some point in the future; therefore those costs are not included in this opinion.

It is assumed the water line replacement will be performed by the City's Public Works department. The water line replacement cost shown below was provided by Public Works for the materials needed.

Roadway	\$ 718,340.00
Sewer	\$ 731,220.00
Water	\$ 220,000.00
Total	\$1,669,560.00

Should you have any questions or need additional information, please do not hesitate contacting me at 850.227.7200.

Sincerely,

Clay Smallwood, P.E.
Project Manager

Subject: Amtrak Sunset Limited Service Restoration
Attachments: Amtrak resolution.docx

Good Afternoon,

I've attached a resolution that is being circulated by the West Florida Regional Planning Council (WFRPC) to support restoration of passenger rail service. I'm sending this to all our members even though everyone isn't on the line itself. However, I think this could end up with benefits to everyone. Especially, once the Port is going and the rail line between Chattahoochee and Port St Joe is up and running again. Others have been working on putting together a steamboat tour on the Apalachicola River. Please feel free to make changes as you see fit to the resolution. I did go through and mark the places where you'll want to fill in the blank with either your community or just to include stops along the line if you are not one of the communities the service will pass through.

Please send the approved resolutions here and we will forward them all to the WFRPC. Please give me a call with any questions.

Happy Easter,
Susan

RESOLUTION _____

A RESOLUTION SUPPORTING RESTORATION OF PASSENGER RAIL SERVICE BETWEEN NEW ORLEANS, LOUISIANA AND ORLANDO, FLORIDA

WHEREAS, before Hurricane Katrina, Amtrak's *Sunset Limited* passenger line served railroad travelers as the only transcontinental passenger rail service from Los Angeles passing through New Orleans and Mobile to Orlando; and

WHEREAS, Hurricane Katrina damaged a portion of the rail infrastructure along the Gulf Coast as well as caused the loss of other portions of the infrastructure, including the total loss of Mobile's passenger rail terminal facility; and

WHEREAS, Amtrak suspended all service on the eastern portion of the *Sunset Limited* line from New Orleans through Mobile, Pensacola, Crestview, Chipley, Tallahassee, and Jacksonville to Orlando; and

WHEREAS, CSX, and Norfolk Southern (the freight railroad companies that own the tracks on which passenger rail service on the Gulf Coast will operate) have both committed to cooperating with Amtrak in providing this vital service along the eastern Gulf Coast and to do so in a more efficient manner than prior to Hurricane Katrina; and

WHEREAS, restoration of passenger rail service to the eastern Gulf Coast will facilitate job creation through development opportunities, enhance tourism, and reduce environmental and roadway impacts due to personal automobile use, thereby having a positive economic and environmental impact to the coastal states of Louisiana, Mississippi, Alabama, and Florida; and

WHEREAS, such resumption of passenger rail service will also benefit the entire nation by providing a link to the Gulf Coast from the Midwest and West Coast; and

WHEREAS, the Passenger Rail Investment and Improvement Act of 2008 called for Amtrak to study the potential return of passenger rail service from New Orleans to Orlando;

WHEREAS, Section 11304 of Fixing America's Surface Transportation Act (or "FAST Act") of 2015 mandates the Federal Railroad Administration to convene a working group to evaluate the restoration of intercity rail passenger services in the Gulf Coast region between New Orleans, Louisiana and Orlando, Florida and to submit findings by September 2016; and

NOW, THEREFORE, BE IT RESOLVED the Gulf County Board of County Commissioners recommends and supports the restoration of dependable, daily passenger rail service along the suspended route between New Orleans, Louisiana and Orlando.

Passed and duly adopted by the Gulf County Board of County Commissioners on the 26th day of April, 2013.

BOARD OF COUNTY
COMMISSIONERS

Dear Mr. Butler:

The Florida Department of Transportation (FDOT) invites you or a staff member to attend a public information meeting concerning proposed improvements for the above-referenced project. The meeting will be Thursday, April 28 from 5:30 p.m. to 6:30 p.m. EDT at the Gulf County Senior Center, 120 Library Drive, Port Saint Joe.

The intent of this project is to replace the existing bridge on State Road 30 (U.S. 98) over Saint Joe Bay Inlet with a new concrete structure. Additional right-of-way and temporary construction easements may be required for construction of the proposed bridge. Bids for construction are scheduled to be received summer 2019. The enclosed handout provides additional information. Property owners within 300 feet of the centerline of the proposed improvements will receive a similar letter and the handout.

15 APR 20 PM 1:54
FILED FOR RECORD
REBECCA L. MORRIS
CLERK OF CIRCUIT COURT
GULF COUNTY, FLORIDA

Maps, drawings, and other information will be on display. There will be no formal presentation; however, FDOT representatives will be available to discuss proposed improvements, answer questions, and receive comments. Your comments are welcomed and appreciated.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact the FDOT General Consultant Project Manager, Eric Saggars, P.E., at (850) 415-9010 at least seven days prior to the meeting.

Public Information Meeting

State Road (S.R.) 30 (U.S. 98) over
Saint Joe Bay Inlet Bridge, Gulf County

Thursday, April 28, 2016
Gulf County Senior Center
120 Library Drive
Port Saint Joe
5:30 p.m. – 6:30 p.m. EDT

Financial Project Identification Number: 435815-1-32-01

Project Information

The intent of this project is to replace the existing bridge on U.S. 98 over Saint Joe Bay Inlet with a new concrete structure. Improvements include new guardrail, minor drainage improvements, sodding, and placement of new pavement markings. Additional right-of-way and temporary construction easements may be required for construction of the proposed bridge. Bids for construction are scheduled to be received summer 2019.

Meeting Information

This meeting is being held to provide information and to receive input concerning proposed improvements to the above referenced project. There will be no formal presentation; however, Florida Department of Transportation (FDOT) representatives will be available to discuss proposed improvements, answer questions, and receive comments.

Those wishing to submit written comments/questions may do so at the meeting, or via email to esaggars@hntb.com, or by U.S. mail to Eric Saggars, P.E., FDOT General Consultant Project Manager, 777 Main Street, Building A, Chipley, Florida 32428. All comments must be postmarked no later than Monday, May 9, 2016 to become part of the official meeting document.
